## **Research Fellow and Postdoctoral Positions**

Candidates with either an MD or PhD are invited to apply for a Research Fellow or Postdoctoral Position in Autism and Obsessive Compulsive Spectrum Disorders.

**Sponsor(s):** The Albert Einstein College of Medicine and Montefiore Medical Center

Psychiatry Research Institute at Montefiore/Einstein (PRIME) The Albert Einstein College of Medicine and Montefiore Medical Center has launched an ambitious Brain Sciences Initiative. Research Fellows or Postdoctoral Positions in Autism and Obsessive Compulsive Spectrum Disorders affiliated with PRIME will have a unique opportunity to shape the future of clinical and translational research in Autism and Obsessive Compulsive Spectrum Disorders at Einstein and Montefiore.

Candidates with an MD or PhD with an interest in autism and obsessive compulsive spectrum disorders should submit a cover letter and a curriculum vitae to **eholland@montefiore.org**.

Albert Einstein College of Medicine, Inc. and Montefiore Medical Center are equal opportunity employers committed to hiring minorities, women, individuals with disabilities and protected veterans. The joint mission of Einstein and Montefiore is rooted in their historic and enduring commitment to diversity and the enhancement of human health in the spirit of social justice. Inspired by Albert Einstein, the College of Medicine strives to create a diverse faculty and student body without gender, racial and ethnic bias. Review of applications will begin immediately.
